Staff

Mr. Gilbert V. Walmsley, Principal

Dear Students,

We find ourselves at the conclusion of another year at North High School. Warm memories are stirred by the excellent manner in which our student body responded to the vicious acts of vandals who attacked our school. I remember, with a great sense of pride, how quickly the student body rallied to put the school into operation within an hour after we found it had been disrupted. I thank you.

Who can forget the Football team of 1980-81, an 8-1 record with our only loss being to the eventual state champion. Or Soccer and Wrestling teams that once again brought honor to us. Speech awards won and performances that were memorable. Academic accomplishments and scholarships earned, too numerous to recall. Homecoming, Prom night, Spring Carousel, Graduation . . . I could go on and on with my special memories that recall the great year we had. However, I hope mentioning a few of my memories has made you recall the many others that I know are special to each of you.

I look forward to North's future and tomorrow's events that will become the memories making up our future years. I remain blessed and privileged to be the Principal of Granite City High School-North, and I know that your school, as the years come and go, will mean as much to you as it does to those of us who have known her these many years. Best wishes for a rewarding summer. To those of you who will be back, we happily await your return. To our graduates, remember you are now a part of North's foundation, and your strong support will be necessary to insure her future.

Sincerely,
Mr. Walmsley

The work of the school custodians often goes unheralded, but the school could not operate without their efficient attention. They take care of anything from accumulated ice and snow, to broken glass. Here they try to cope with our leaky ceiling.

The President of the United States visited in Granite City on the day before the great National election which led to his defeat. This is the first time that Granite City has been honored by a presidential visit, but presidential candidates have made campaign stops here in the past including William Jennings Bryan at the turn of the century, and John F. Kennedy in 1960. All were Democrats, pointing to the importance of Madison County and the State of Illinois in a presidential election.

With its 26 electoral votes, Illinois can go for either party. It is ironic that at about the time President Carter left to come to Granite City, he had been informed of the results of a privately taken last minute poll, which predicted that he would lose the election. The poll proved to be correct.

Illinois and the American people rejected the president, and turned the problems that beset the nation over to Ronald Reagan for the next four years.

"Gingerbread house and sugar-plum roof"

Land of the Sugar-plums

The story of North people is sometimes off-beat and fanciful. It, for example, includes the gingerbread house shown above, created by Mrs. Collins' foods class, and the Halloween parade shown below. If the children don't look like sugar-plum fairies, at least they are some of our wee people, on holiday from North's pre-school center. BOO!!

Mr. & Miss School Spirit

Jerry Miller and Kristin Wright

Mr. and Miss School Spirit are nominated by the faculty for their performance in supporting the fall athletics and activities. The fall athletes and Silver Spirit make the final selection. This is an honor Kristin and Jerry will always remember earning when they look back on their years at Granite North. Congratulations on a job well done.

We've had our good times and our bad

We've had our happy and our sad

We've done things right and we've done things wrong

We've also been angry, but not for long.

Deep in our hearts I know we're good

We've tried to do as we thought we should.

As these are our last days here

In this our fourth and final year

We have learned to take one thing serious; having fun!

THIS is North High Country,

THESE are North High People . . .

In North High Country, the people find many outlets for the surging energy of the teen years. Though channeled into four or five hours a day of classroom activity, learning the rudiments of Math, Art, History, and English, there must be time for physical release. This is a time for involvement,—a time for testing. New pride is instilled as new skills are learned.

"We CAN compete, and oftentimes, we can win!"

The 1980 Football Steelers finished the year with a 7-1 record. They can be very proud of their accomplishments. Their loss came to the 4A State Champs. The most important aspect of this team was that it was made up of individuals who thought more of the team than their own glory. They made many sacrifices and worked hard on and off of the field to make this year a success. I hope that they showed their fellow teammates and schoolmates what working together can produce. I was very proud of these young men in their football endeavors and would like to thank them and the coaching staff for a job well done.

North Swim Team

It may come as a surprise to many that Granite High North has a swim team, as we don't seem to have a swimming pool! Nevertheless, we do. These boys and girls represent North at swim meets throughout the area, and practice at the downtown YMCA pool. However, because North has no pool, we only swim in district meets. We would like to thank these young people for their efforts on our behalf.

FIELD HOCKEY

This is the last year for Field Hockey here at North. We had eight returning seniors this year and a good chance of having a good season. We played well but ended the season with a 6-2 record. I enjoyed coaching the girls very much. They worked hard and yet still enjoyed themselves and the sport. The team was just a great group of girls. I'm going to miss the sport a lot.

Student Council is an important part of Granite City High School North. The council works to help the school in necessary ways. Student Council is responsible for Homecoming, Christmas activities and many other year-round events. It also does things for the community. For instance, at Christmas, Student Council delivers food baskets to needy families. Patty Morris served as President this year. Michele Hill and Lori Fyalka were the Vice-presidents. Representatives from the senior, junior, sophomore, and freshman classes are in the council. The representatives are voted in by members of their respective classes. The advisor of student council is Mr. Steve Hamilton.

The purpose of the Varsity Club is to unite the varsity athletes, promote school spirit, and to stress the principles of athletics. To join the varsity club, one has to earn at least one varsity letter and receive an invitation. The club is open to both girls and boys at any grade level if they qualify.

This year's club has done a good job. We had outstanding leadership from our officers. The Varsity Club purchased a much needed video camera for the athletic department, helped sponsor pep buses and school dances, a donkey basketball game, and cheer practices.

Mr. Harry Lang
